IT'S ACCESSION TO POWER.  
(Correspondence of the Associated Press.)

Yokohama, October 29.—The accession of Maruyama to power has been received by the native press generally in a spirit of congratulation, especially in view of the rising feeling that Japan just now needs her strongest man at the helm, in order to enable her to assert her rights. The influential papers are clamoring for a strong foreign policy. They favor making the most of Japan's expanded armament in holding the balance of power in the Orient. It is felt that the Chinese difficulty has demonstrated that the western powers are essentially weak because they are not here and cannot get here in anything like powerful force. Japan being on the spot, with the army of half a million and her powerful navy, can easily dominate the situation, especially if any one of the strong western powers will join hands with her.

REGISTRATION AT CANTON.

Canton, October 29.—The registration of voters, which closed here yesterday, shows a total registration in Canton of 8,101 voters, a gain of 610 over the registration in 1896.

## NOW RAILROAD MEN.

Increase Wages Wanted  
on Coal Line.

Lehigh and Wilkesbarre Co. Hasn't  
Granted Increase.

Is Expected to Do So by  
Wednesday.

Operator Pardee Won't Engage  
Former Strikers.

Hazleton, Pa., October 28.—The Lehigh & Wilkesbarre Coal company, operating the Audenried, Honeybrook and Green Mountain collieries in this district, has not yet complied with the demands of the anthracite miners. It is said that the company will grant the concessions by November 1, when work will be resumed. There will be no resumption of work at the Milneville colliery which is operated by the A. S. Van Wyckle estate. Owing to an agreement with the Pennsylvania R. R. company the officials say they cannot afford to grant an increase of ten per cent and if the men return to work they will have to be contented with the old rate of wages. The Van Wyckle company has granted the increase at its other collieries at Colesburg and Beaver Meadow. It is said that Calvin Pardee, owner of the latter mines will not take back those men who struck before the mines were closed down by 800 marchers some weeks ago.

The firemen and brakemen on the Delaware, Susquehanna and Schuylkill railroad, have submitted a number of demands to the railroad officials. The former demand that thirty hours constitute three shifts and that they be paid \$7 for the same instead of \$5.10 which they receive at present. The brakemen demand an increase of ten per cent in their wages. The engineers have no grievances. This railroad is owned by Cox & Bros. & Co., which operates six collieries in this region and was built for the purpose of hauling coal from its mines to the tracks of the Lehigh Valley R. R.

OTHER COMPANIES GIVE IN.—Wilkesbarre, Pa., October 28.—All the coal companies in the Wyoming Valley, with a few exceptions, have now posted notices granting their employees the ten per cent increase asked for by the Scranton convention. The exceptions are a few individual operators who do not employ many hands. But it is said that when the men employed at these collieries report for work tomorrow, they will be told that they will receive the same wages as paid by the other companies. The Kingston Coal company had notices posted today granting the increase. This company employs 2,400 men and was the last of the big individual concerns in the valley to grant the increase.

The officials of the Susquehanna company had a conference with their employees Saturday night and agreed to pay them the advance.

President Mitchell and the executive board of the United Mine workers, visited Pittston this afternoon. They were received by a large crowd and there was great excitement. Addresses were made by President Mitchell, Fred Ditcher and others. Mr. Mitchell told all the miners to go to work tomorrow. He also congratulated them on their good behavior during the strike.

NASHVILLE GETS ITS GUN.  
Nashville, Tenn., October 28.—The gun from which the first shot in the Spanish-American war was fired, has reached Nashville, which is to be its permanent home. It is a Hotchkiss rapid fire, one-pounder and comes from the gunboat Nashville which sent a shot over the bow of the Spanish merchant vessel Buena Ventura.

## SHOT HIS OWN SON.

Marlboro Farmer Kills Boy's Body  
With Bird Shot.

Marlboro, Mass., October 28.—Daniel Fitzgerald, a farmer, was arrested today charged with shooting his ten year old son Michael and will be arraigned on Monday. The boy is not believed to be dangerously wounded. The affair occurred this morning at the Fitzgerald farm on the Stowe road, two miles from this city. According to the boy's story he was harnessing the horse for the purpose of taking his mother to church when his father came out of the house and ordered him not to take the horse away. He had a shot gun in his hands and without any parleying, so far as can be learned from the boy's story, he raised the gun and fired. Some 15 bird shot entered the boy's body, two taking effect directly over the heart, while the others ranged downward to the thigh. A brother of the boy at once carried him in the wagon to the office of Dr. Richardson, who in turn notified Chief of Police Pope who placed Fitzgerald under arrest. The latter was much excited and is understood to have admitted that he fired the gun but said he did not intend to shoot the boy.

HAVE NO USE FOR M'CRACKEN.  
Cambridge, Mass., October 28.—The Harvard Athletic committee has written a letter to the Pennsylvania football management, calling attention to the fact that McCracken, the Pennsylvania full back, played two games in his freshman year, four years ago this fall and in the spring of that year, also took part in the dual track games with Harvard.

According to Harvard's interpretation of the four years' eligibility rule, McCracken will not be able to play against Harvard this year.

## THE WEATHER.

Boston, October 28.—Forecast for Monday: Cloudy; generally fair; probably followed by rain during night and Tuesday morning; easterly winds.

Washington, October 28.—Forecast for Monday and Tuesday for New England: Partly cloudy Monday; probably rain on the south coast. Tuesday, probably rain; fresh to brisk northeasterly winds.

## LOCAL WEATHER REPORT.

Portland, Oct. 28, 1900.—The local weather bureau records the following: 8 a. m.—Barometer, 30.275; thermometer, 50; dew point, 48; rel. humidity, 93; direction of the wind, NE; velocity of the wind, 6; state of weather, cloudy. 8 p. m.—Barometer, 30.197; thermometer, 50; dew point, 48; rel. humidity, 95; direction of the wind, NE; velocity of the wind, 5; state of weather, cloudy. ## WEATHER OBSERVATIONS.

The agricultural department weather bureau for yesterday, Oct. 28, taken at 8 p. m., meridian time, the observation for this section being given in this order: Temperature, direction of wind, state of weather:

Boston, 53 degrees, NE, cldy; New York, 58 degrees, NE, cloudy; Philadelphia, 58 degrees, E, cloudy; Washington, 55 degrees, NE, clear; Albany, 58 degrees, N, cloudy; Buffalo, 60 degrees, NE, clear; Detroit, 55 degrees, SE, clear; Chicago, 68 degrees, S, cldy; St. Paul, 53 degrees, W, cloudy; Eastport, 48 degrees, cldy; Huron, Dak., 48 degrees, NE, clear; Bismarck, 44 degrees, E, clear; Jacksonville, 72 degrees, NE, p. cldy.

Show us a fault in our business and we stop it at once, no matter how profitable. We don't believe a fault can ever be really profitable.

They said our Ague Cure was too bitter and powerful for the weak digestion of malarial illness.

We have corrected the fault. It's cost us thousands of dollars to do it, but we have corrected it.

And there is no better medicine under the sun for every form of malaria than this new Malaria and Ague Cure.

## AMERICANS LOST.

Retired Before Overwhelming  
Number.

Losses However Were  
Not Large.

American Deserter Leading Filipino  
Insurgents.

Threatens His Former  
Comrades.

Hardships Suffered By Gen.  
Hall's Men.

Manila, October 28.—While scouting near Looz, a detachment of 20th and 28th regiments, under Capt. Belgier, were attacked by 400 insurgents armed with rifles under the command of a white man whose nationality is not known to the Americans. After an heroic fight lasting for two hours, Capt. Belgier drove off the enemy, killing more than 75. Capt. Belgier and three privates were slightly wounded and two of the Americans were killed.

An engagement took place October 23 between detachments of the 8d cavalry and the 23d volunteer infantry, numbering 60 and a force of insurgents including 400 riflemen and 1000 bolo men. The fighting was desperate. Finally, under pressure of overwhelming numbers, the Americans were compelled to retire. Lieut. George L. Felsinger and four privates were killed, nine were wounded and four missing. The enemy's loss is estimated at 150. A civilian launch towing a large loaded with merchandise near Ararat was attacked by a force of 150 insurgents under David Fagin, a deserter from the 24th infantry. The American troops, on hearing the firing, turned in force before the boat could be looted and re-captured it.

Fagin, who holds the rank of general among the insurgents, has sworn special enmity toward his former company. Of the 20 men he captured a month ago, seven have been returned. One was killed in a fight, his body being horribly mutilated. Fagin sends messages to his former comrades, threatening them with violence if they become prisoners. It was Fagin's men who captured Lieut. Frederick W. Alstaetter, who is still a prisoner.

Gen. Hall's expedition, with a force of nearly 800 men, through the mountains to Binangonan in pursuit of the insurgent general Galles, although it discovered great hardships on the march. Twenty Chinese porters died and 40 men were sent into the hospital. After stationing a garrison of 250 men in Binangonan and visiting Polillo island, off the coast of Infanta Province, Gen. Hall and the rest of his force embarked there on a transport.

Reports from Gen. Young's district show a daily increase of insurgents there, owing to the fact that recruits are going thither from the towns.

While a detail of the 32d volunteer infantry was returning from Bangued, on route, it was fired upon by insurgents, Sergeant Berdastler being killed and two privates wounded.

## PHILIPPINE CUSTOMS.

Manila, October 28.—The Philippine commission has decided to compile the revised Philippine customs tariff from its own investigations, assisted from the report of the army board. The result will be forwarded to the United States for publication and discussion among those interested in foreign commerce. When the details appear to be satisfactory and the draft has been approved by the secretary of war, the commission will promulgate here as a law. The measure has taken on a new and international commercial interest and the course of the commission is heartily commended here.

## ARCHBISHOP CHAPPELLE IN LUZON.

Manila, October 28.—Archbishop Chappelle, who recently left Manila accompanied by several friars, for the north districts of Luzon, was warmly welcomed on his arrival at Jagupan. As two years have elapsed an opportunity for baptism had been presented, more than 2500 persons have been baptized.

In view of the protest of the parish against the appointment of a friar as parish priest, Mr. Chappelle did not attempt to make it.

## MILLIONS OF GOLD.

Seattle, Wash., October 28.—A total of \$20,186,687 worth of gold dust and bullion has been received at the Seattle assay office during the present year. Following are the official figures showing the amount of gold dust and bullion received between January 1 and October 4, 1900: Number of deposits, 6,088; ounces of gold and bullion, 1,243,163. From Canada, \$2,710,437; other Alaska, \$409,808. Total from Alaska, \$3,120,245. From British Columbia (Auln), \$408,110; Yukon district (Klondike), \$16,874,483; Washington, Oregon, Idaho and foreign gold coin, \$125,703.

Since October 24, the office has received an additional \$150,000 from Nome and \$50,000 from other points. The probabilities are that before the season closes Nome will have furnished \$5,000,000.

## BALL THAT KILLED BAILEY

Experts Asked to Pass Upon the Fatal  
Bullet.

Lynn, Mass., October 28.—State Officer Harry Proctor has returned from his trip to various fire arms establishments in this state and Connecticut where he went to obtain expert comparisons of the bullets found in George E. Bailey's body and those found at the Break Heart hill farm. He visited the Winchester Arms company factory in New Haven, Conn's factory in Hartford, the Government armory, Smith & Wesson's and Marlin in Springfield, and in all but one of these places, their experts made critical tests.

At the Winchester works where the ammunition and the 38-calibre rifle found at the farm were made, he was able to obtain the information that he did not already possess as they seemed disinclined to become mixed up in the murder case at all.

At the other places, especially the United States arsenal, the service of their experts were placed at his disposal and everything possible done to assist him.

Officer Proctor says that from what he has learned, he is satisfied in his own mind that Bailey was murdered with a bullet from a 38-calibre rifle, also he is not prepared to assert that the rifle found at the farm is the one from which the bullet was fired.

It is claimed by others, who are conducting the investigations, however, that the government will be able to prove that the murder was committed with that rifle which is now in their possession. This is in direct opposition to the claim of the defense, that the weapon used was not a rifle, but a revolver. Further tests will be made with revolver ammunition by experts at Springfield and Hartford, and with rifles at the United States arsenal and Marlin works, the results of which will be submitted to those prosecuting the case against John C. Best.

## HOHENLOHE'S RESIGNATION

He Withdrew Because It Bothered  
William to Talk With Him.

Berlin, October 28.—Prince Hohenlohe, in conversation with a representative of the Associated Press made some interesting statements regarding his resignation of the chancellorship. Although expressing himself with great caution he stated as the principal reason for resigning, the fact that he had noticed for some time a growing desire to ignore him on several occasions. He noticed that his increasing deafness, especially in the left ear, had made it annoying for Emperor William to converse with him.

While Prince Hohenlohe would not say particularly what very recent occasion had particularly emphasized this inclination to ignore him, he asserted that this was the immediate cause of his going to Hamburg with a written request to relinquish his official burdens. This, he said, he presented in person to Emperor William, who seemed astonished, but replied that in view of the advanced age of the Prince he would not urge him to reconsider the resignation. It also appears that his parting with the Kaiser was affectionate and that both remain on good terms. When Prince Hohenlohe returns to Berlin for the winter, he intends to frequent the court and its festivities, his physician having him to this course as they consider that total absence of excitement would endanger his life. He is about to go to his ancestral home at Schlingstern. Later he will go to Munich and then to Moran, in the Austrian Tyrol, or to Italy, where he hopes to get relief from an annoying cough.

## IN MEMORY OF PAO TING FU MISSIONARIES.

New York, October 28.—A union service in memory of the Presbyterian missionaries who were killed at Pao Ting Fu on June 30 last was held today at the Fifth Avenue Presbyterian church. The missionaries so remembered were George Yardley Taylor, M. D., Courtland Van Kesteren, M. D., and Mrs. Frank E. Simcox and their three little children. J. Aspinwall Hodge, Jr., of this city, a cousin of the late Dr. Hodge, was present at the service.

Presbyterian clergymen took part in the exercises, the Rev. Dr. George T. Purves, pastor of the church; the Rev. Dr. Howard Agnew Johnson, the Rev. Dr. George Alexander, the Rev. Dr. Arthur J. Brown, one of the secretaries of the Presbyterian board of foreign missions, and the Rev. Maltbie D. Babcock.

## CHURCHILL—ROSSLYN CONTROVERSY.

London, October 28.—The solicitors of Mr. Winston Spencer Churchill have written to the solicitors of the Earl of Rosslyn, declining in the name of Mr. Churchill, to withdraw or apologize for Mr. Churchill's statement at the recent banquet of the Pall Mall club, that Lord Rosslyn in despatches and letters from South Africa to English newspapers, had libelled British officers and made assertions that were nothing short of falsehoods.

This morning Mr. Churchill writes to the Earl of Rosslyn, stating that he is moved by personal feeling against Lord Rosslyn, but pointing out that the Earl is responsible for "a libellous statement concerning four famous cavalry regiments."

After saying that if Lord Rosslyn will frankly withdraw the alleged statement, he (Mr. Churchill) will be the first to regret that hard words have been spoken, he refers to his action regarding Lord Rosslyn's misleading account of Mr. Churchill's escape to South Africa, pointing out that this resulted in the publishers withdrawing Lord Rosslyn's book from circulation and Lord Rosslyn writing to Mr. Churchill that the passage was not intended in an offensive sense and should be expunged in future editions.

## SCHOONER STRIKES LEDGE.

Boston, October 28.—The fishing schooner "Dag" G. Powers, with a trip of 30,000 pounds of fish, struck on a ledge below Minot's light last night in a dense fog and remained until this morning when she was hauled off by a tug and towed into wharf. The schooner is now leaking and is thought to be very slightly damaged.

## BOSSCHIETER MURDER.

Grand Jury Will Act on  
It at Once.

Dr. Townsend Tells of His Connection  
With the Case.

Girl Was Brought to  
Fim Only Once.

It Was Then Too Late to Render  
Aid to Unfortunate.

New York, October 28.—It is now said in Paterson, N. J., that the present grand jury will take up the inquiry into the death of Jennie Bosschleier for whose murder McAllister, Death, Campbell and Kerr are confined in jail. Whereas statements have appeared tending to show that there would likely be a delay by the authorities it is now given out that the investigation is to be pushed vigorously. Dr. Townsend, who refused to appear on the witness stand yesterday, will appear at the inquest next Tuesday night. His reason for not answering the subpoenas was an order from the authorities to testify regarding the visit of the prisoners to him on the night of the murder. Dr. Townsend now makes the following statement of the midnight call and his connection with the case:

"It has been stated that the four men made two calls at my office and that the girl was alive when the carriage first arrived. They came but once and it was then too late to render aid to the unfortunate. I am positive of the exact time of their arrival because when the bell rang at the head of the bed, I looked at the clock on the mantel and saw it was two o'clock. Through the speaking tube I inquired the cause of the summons and was told that there had been an accident and asked to come at once. Through the tube I asked particular questions and was met with the word that the patient was in a carriage at the door. It was cold, but I waited only to don a bath robe and went down stairs. When the door was opened two men whom I knew as George Kerr and Walter McAllister shoved me aside and quickly stepped inside. When I was told that a young woman had been hurt and both men declared that they would carry her in.

"But without further parley I brushed past them and went out to the carriage. It was a two seated rig that I had often seen at the Erie depot. I did not see the hackman. There were two men standing at the curb near the door of the carriage. I knew Campbell by sight. Inside the carriage on a rear seat a young woman was seated, half, dying across the back of the seat. Her head lay sideways across her breast. I lifted her head and laid it back gently. It was limp and lifeless. The clothing was disarranged, the hair hanging about her neck and shoulders. Her waist had been loosened and only the two top buttons of the waist were buttoned. There was no pulse. The heart beat had been stilled.

"When I climbed into the car to make a closer examination, the four men gathered to the side of the carriage. Their faces were white and they looked a question. The body was cold. 'Boys, I said to them, 'If you don't bring me the dead,' They seemed to draw back and were all together when I stepped within the door and left them in conference at the curb. It was five minutes after two when I returned up stairs.

## PARIS SOCIALISTS.

Paris, October 28.—There was a large gathering of socialist and working men's societies at the Bourse du Travail today to welcome eight delegates from the English trades union, including Mr. Haines, secretary of the society of engineers, Mr. Pickles, of the society of painters and Mr. Rulohard Bell, secretary of the railway servants society, who presented a manifesto to French workmen in favor of peace and good fellowship between the two nations.

Mrs. Jaures and Vaillant responded and the meeting adopted a resolution in favor of strengthening the fraternal union of the workmen of the two countries and of submitting to arbitration any differences that might arise.

## PRESIDENT WENT TO CHURCH.

Canton, Ohio, October 28.—President McKinley went to church this morning. Captain McWilliams accompanied him. Later the President and Mrs. McKinley and Captain and Mrs. McWilliams went to the country home of Mrs. Marie S. Saxton for lunch. A few social callers were received during the day and evening and an impromptu delegation called, composed of about a score of commercial travelers who chanced to meet at a hotel and decided to call on the President to assure him that they are in sympathy with him and what he represents.

## OLDEST METHODIST CHURCH.

New York, October 28.—Old John Street M. E. church, the oldest Methodist church in America, celebrated its 133rd anniversary today. The day began with a love feast by the Rev. C. E. Harris, D. D., former pastor of the church and many persons who used to be members of the congregation were present.

At the close of the feast Prof. Marcus D. Buell, D. D., dean of the Theological school, Boston University, preached.

## ANOTHER BOER VICTORY.

London, October 28.—According to a despatch from Cape Town to the Daily Mail a force of Boers attacked and routed a patrol of Cape police, with a convoy, near Hoopstad, Orange river colony last Wednesday and a sharp fight ensued.

"The police," says the correspondent, "were compelled to abandon two Maxim's. Ultimately reinforced by the yeomanry, they succeeded in getting away with the convoy but they lost 7 killed, 11 wounded and 15 captured. The colonial were outnumbered 10 to 1 and the engagement lasted two hours.

"The Boers have 15,000 in the field, nearly half of whom are in the Orange River colony. These are divided into commandos of some three hundred each, but are capable of combination for large operations."

## BATH SHOPLIFTERS.

[SPECIAL TO THE PRESS.]  
Bath, October 28.—Roscoe Royal, Jr., and George McDade, are in the police station charged with shoplifting from three stores last night. The goods have been recovered.

## CHARLES ADAMS.

## Man Whose Body Was Found in the Harbor.

## There is No Further Doubt as to His Identity.

## Borrowed Money, Left Effects in Boston.

## His Photograph Identified Beyond a Doubt.

Saturday evening the police department received a despatch from Chief Devery of New York who stated that he had called at Colgate's and that the photograph of the man drowned in Portland tallied with the appearance of Charles Adams, formerly a traveling salesman of that house. The police also learned that Adams had registered at Gould's hotel in Boston on the sixteenth day of October, that three days later he had borrowed \$3 from the proprietor of the hotel and had then disappeared. He left his sample trunk, books and papers at the hotel and was under contract with the house of French, Smith, Olive Co., of 435 Arch street, Philadelphia, dealers in soaps and perfumes. Deputy Marshal Frith has wired the chief of police of Philadelphia who will call at this house to inquire further about Adams. These discoveries probably prove beyond a doubt that the man whose body was found here was Charles Adams.

## ADAMS IDENTIFIED.

New York Man Who Knew Him Furnishes Information.

New York, October 27.—The body of the man found floating in the harbor at Portland, Maine, during the morning of October 24th, has been identified by P. C. Kingsland, of 20 East 31st street as that of Charles Adams, 55 years old, who was employed up to five years ago by the Colgate Perfumery company. With the body was found papers bearing the names Charles Adams, 53 John street, Chief of Police Sylvester of Portland communicated the facts to the police in this city and sent a photograph of the dead man. The letter and photograph were turned over to the police of the Old Slip station and Detective Frank Putz of that precinct was detailed on the case. He learned that Adams had at one time been employed by J. L. Morrison, an agent of 240 Broadway. Later Kingsland was found. He said he had known Adams for 25 years and positively identified the photograph as that of Adams. Kingsland said that Adams had, when very young, been adopted by an actor named Edwin Adams, and, as far as he knew, had no living relatives.

Among the other effects found on the body was a letter of recommendation to the Smith, Kline & French company of Philadelphia, soap manufacturers, signed Allen B. Kitley agent of New York and Chicago. The letter was dated September 1, 1900, and said that Adams was a steady man, and a good salesman.

(The above patch mentions certain papers as being found on the body. This is an error but the papers referred to may have been among the effects left by Adams at the Boston hotel.)

## IDENTIFICATION OF ADAMS.

Man Had Contract to Go to Work for Perfume Company.

Boston, October 28.—It was established yesterday afternoon that the body of the man found lying beside the Portland boat in Portland harbor on Wednesday morning was that of Charles Adams, a salesman for French, Cave & Co. of Philadelphia, manufacturers of perfume.

The identification was made by Chief Inspector Waites. He was notified from Gould's hotel, Washington street, yesterday afternoon, that a room formerly occupied by Charles Adams, who had disappeared without settling his bill, was opened.

In the room was found a large quantity of perfume samples, also notebooks, order books and letters from the Smith, Kline & French Co., or French, Cave & Co., 435 Arch street, Philadelphia, showing that he was a salesman for them.

The contract of Mr. Adams with the company was also discovered. It showed that he was to have charge of the New England states and was to receive a weekly salary and commission on goods sold over a certain amount. By some mischance the contract was dated October 24, but the date for the revenue stamp was September 24.

Mr. Adams arrived at Gould's hotel on October 16, and was given a room. He evidently remained about town doing business for his firm until October 20. On that day he went to one of the proprietors of the hotel, and said he was in pressing need of a little money, and asked for a loan of \$3.00. This was given him, and he was not seen about the hotel again.

As Mr. Adams had left everything in

his room and said nothing about giving it up, the place was not disturbed until yesterday when it was opened and Chief Waites notified of the fact.

The subsequent actions of the dead man are only matters of conjecture. Evidently he took the Portland boat on Tuesday night and when it arrived in Portland harbor jumped over the side and ended his life.

Nothing was found on the person to show his identity. The clothes, however, had been made by a Philadelphia firm, and they thought he was employed by Colgate, the perfumers of New York. Evidently he had once been employed by that firm, but had changed to the Philadelphia concern.

## FRIENDS WILL BURY BODY.

The police department received a letter yesterday from Chief Devery of New York, which gave all of the particulars regarding Charles Adams whose body was found in the Portland Company's dock last Wednesday and which remained unidentified for a long time. According to this letter a friend of Adams, who has known him for 25 years, told the New York police that he would see some of Adams' former friends and endeavor to raise a fund with which to give the body a proper burial.

## SEVERE STORM IN MINNESOTA.

Winona, Minn., October 28.—This city and vicinity was visited last night and this morning by the worst storm in many years, occurring at this time of the year. Lightning did considerable damage in the city, striking in a number of places. All the railroads entering the city suffered considerable loss by wash-outs and high water. The Chicago and Northwestern had a thousand feet of track washed out near Rockland, Wis., and a thousand near West Salem, Wis. The company also suffered slight damage between Winona and Stockton, Minn., on account of high water. The Chicago, Milwaukee and St. Paul has two wash-outs near here, one at Kings Cooley and another at Lamotte. Passenger trains on the river division of the St. Paul road were abandoned today.

## WRECK ON BOSTON &amp; MAINE.

Waltham, Mass., October 28.—The second freight wreck on the Fitchburg division of the Boston & Maine R. R., within a week, occurred this afternoon, but fortunately no one was killed, although two men were slightly hurt and seven cars and one locomotive were badly damaged. The injured are V. A. Barnes, fireman, of Fitchburg, severe fracture of elbow, taken to the Waltham hospital. A singular coincidence is that Engineer Lynde, who was engineer of the freight that was run into last Sunday was also in charge of the train that was telescoped today.

No place like Boston, go there on October 30 and see for yourself.

## AMERICAN JOCKEYS DEFENDED.

London, October 28.—The question of English vs. American jockeys in the racing world continues to agitate the sporting writers for the London press. The Daily Telegraph again protests against the idea that the supporters of Lord Dunsborough are animated by feelings of jealousy and points to instances of warm welcome extended to American owners and jockeys.

The Times, after remarking that it would be difficult to overpraise the services of Lord Dunsborough has rendered to the cause of turf reform, says:

"There is no doubt that, if he possesses evidence of the alleged misdeeds of American jockeys, the stewards will be put long to give it careful consideration; but the tone of his letter of Wednesday last does not indicate that he possesses such evidence as he rather modifies what he said in his speech at the jockey club about Newmarket being the dumping ground for American jockeys."

"It is unfair to single out American jockeys or even their followers, as worse than English, without cogent evidence to support such an allegation. American jockeys are not a whit more unscrupulous than English ruffians such as have always been the curse of race courses."

## CIDER MILLS BURNED.

South Acton, Mass., October 28.—Fire destroyed the two main buildings of Henry Barker's cider manufacturing plant here early this morning, causing a loss of \$7,000, partially insured. During the height of the fire a number of houses in the vicinity were in imminent danger of catching fire and the inmates cleared out their furniture, but after this had been done, the wind shifted and the flames were blown in an opposite direction. The firemen then devoted their energies to saving the large storehouse in which was a large tank containing 55,000 gallons of vinegar and were successful. The plant employed between 30 and 40 men who will be thrown out of employment for the present.

## THE ORINOCO CO. CONCESSION.

Springfield, Ohio, October 28.—Hon. Frank B. Loomis, minister to Venezuela, is visiting at the home of Mrs. Loomis and will remain till the latter of next month. Referring to a despatch from Minneapolis, in which it was stated by an employee of the Orinoco company that a concession conveying the right of that corporation to exploit ten million acres of land in Venezuela had been annulled through the failure of the American legation to protest against the concession action on the part of the Venezuelan government. Francis B. Loomis said tonight:

"An official of the Orinoco company who has criticized the American legation at Caracas is under a misapprehension as to the usages of international law and the functions of diplomatic officers. The trouble between the Orinoco company and the government arises from disputes as to the construction of a contract. There can be no action on the part of the United States legation in contractual claims until a denial of justice in the courts of that country has been made."

## NAJEEB ARBEELY ILL.

New York, October 28.—Najeeb Arbeely, consul general to Egypt during Grant's administration, was struck with paralysis at the barge office tonight. For some years he had been one of the immigrant inspectors, having in charge the Oriental bureau. Najeeb Arbeely's father was a member of the Turkish parliament and the son was educated in this country. He was graduated from the University of Tennessee, studied law and was admitted to the bar in Tennessee and New York.

## RICE'S DEATH.

Consultation of Authorities Will Be Held Today.

New York, October 28.—Following the announcement of Prof. Whitthaus' discovery of enough mercury to cause death in the kidneys and intestines of William Marsh Rice, the old millionaire whose sudden death more than a month ago led to so many sensational developments and the chemist's further statement that mercury formed no part of the fluid used in embalming the body, a consultation of the authorities will be held tomorrow which may decide the next step in unravelling the mystery. Although the amount of mercury found in the body was sufficient to kill a man, if administered in a soluble form, Prof. Whitthaus did not say so in his first report. He was then asked to make this plain in an additional statement and to tell if he could form any idea whether this poison might have been a principal ingredient of any medicine the old man was taking, or if it must have been administered with some ulterior motive.

That the old man had a penchant for patent medicines and that he frequently took them is admitted by his physicians and others who knew him. Dr. Curry says that in none of the medicine prescribed for the old millionaire by him was there any mercury, but he adds that he found Mr. Rice was taking a medicine that was given to him by a friend, and that it was not without some argument that he induced his patient to stop taking it.

An endeavor to learn what drugist prepared the medicine prescribed by Dr. Curry for Mr. Rice, was futile today.

Many physicians spoken to, agreed that one of the easiest ways to bring about a man's death would be the administration of mercury in minute doses. They also said that the symptoms of illness noted in Mr. Rice just previous to his death would be caused by this poison, given in this manner.

## MAINE SHRINERS RETURN.

Providence, October 27.—Korn Temple, of Mystic Shrine of Portland, after a three days' visit to Providence as the guests of Palestine temple, departed for home today. Their pilgrimage here will long be remembered by the members of every one of the shrines who participated in the festival of three days' duration. The banquet of last night was not concluded until dawn today, and the entertainment comprised every possible feature known to the hostess temple of Masonry. The Maine Shriners were not only given the freedom of the city, but they owned the town as long as they remained.

At the big assembly hall the banquet was followed by a programme of music and dancing by theatrical beauties, and stars from the drama rendered sketchy parts. There was a full house. Potentate Henry A. Torsey of Korn Temple thanked the members of Palestine temple for their kindness in the entertainment of his brethren, and he invited Palestine Temple to visit Maine and partake of the good things of the Pine Tree State.

## SOCIALISTS GREETED DEBS.

Boston, October 28.—The Social Democrats of Boston and vicinity gave an enthusiastic greeting to Eugene V. Debs, the Presidential candidate for the party, in Faneuil hall building tonight and listened to two stirring speeches from him, one in the upper and one in the lower hall. The addresses were the same in both places.

The keynote of Mr. Debs' speech was the necessity of the working class having possession of the "tool of production" by which he means the paraphernalia of construction as it exists today—mills, machinery, etc.

## COAL COMPANY FAILS.

Richmond, Va., October 28.—The Richmond Coal and Coke company, operating coal mines at Gayton, in Henrico county, upon petition of one of the Boston bondholders, has been placed in the hands of a receiver. President Ware B. Gay is named as receiver. The Virginia Coal and Coke company has operated the mine for the past nine years as lessee and in that way is involved in the litigation in the United States court. Both companies are composed mainly of Boston and New York men.

## PORTLAND MAN ILL AT PROVIDENCE.

Providence, October 27.—J. E. Brown of Portland, Me., who was taken to the hospital from Westchester street this afternoon, where he collapsed in a series of fits. Papers showed that he had been discharged from the navy in Philadelphia this year. Brown is middle-aged and well dressed. When he was picked up on the street it was thought he was dead.

## HOW BRYAN SPENT SUNDAY.

New York, October 28.—Mr. and Mrs. Bryan breakfasted at ten o'clock in their hotel with Mr. and Mrs. Bennett of New Haven and Governor William J. Stone. After breakfast the party adjourned to Mr. Bryan's room, where the candidate received Congressman Richardson and several local politicians.

Mr. and Mrs. Bryan and Mrs. Bennett then left the hotel and walked through the park to the Madison Avenue Presbyterian church. When Mr. Bryan first appeared on the street there were few people about but those who were there instantly recognized him and with many a shout followed him to the door of the church.

Yale and Harvard boys who came to New York with Mr. Bryan on Saturday were also at church and occupied seats a short distance in front of Mr. Bryan. Dr. Parkhurst, the pastor, was not informed of Mr. Bryan's presence and his sermon was an exposition of a portion of the scriptures.

Word was evidently passed through the congregation during the service that Mr. Bryan was in the church for, when the entire congregation made a dash for the doors and filled the sidewalk and street in front of the building. This crowd was also augmented by those who were on the street and in the park and by the time that the party reached the hotel, 2,000 people were crowded about him. So dense was the crowd in fact that it became necessary for several park policemen to go in advance of Mr. Bryan and clear a way for him through the crowd.

As he disappeared in the entrance of the hotel after a brief stay, burst simultaneously from 2,000 throats. Mr. Bryan slept in his room from one o'clock until five when he dined. From the time he finished dinner until nine o'clock tonight when he left the Hoffman house, there was a steady stream of callers. Mr. and Mrs. Bryan were both kept busy shaking hands. Among the callers were Congressman Sulzer, Frank Campbell, James K. McGuire, John A. Mason, Governor J. Storer and Congressman James D. Richardson.

Promptly at nine o'clock Mr. Bryan and party left the hotel for the Grand Central depot where they took the train for Albany. On the way up Broadway to the depot crowds of people lined the streets on either side and shout after shout rent the air. At the Grand Central station Mr. Bryan was at once recognized by the crowds of persons awaiting their trains and it was with difficulty that the police held the people back and kept a passage way for the party. Mr. Bryan stopped first at Albany and comes back down the state tomorrow, arriving at Weehawken at 6:25 p. m.

## AUSTRALIA'S LOYALTY.

Sydney, N. S. W., October 28.—Mr. William John Lyne, premier and treasurer of New South Wales, during a speech at the opening of a German fair, here today, said:

"The temper of the Australian people was never so affectionate toward the mother country as it is now. The war in Africa has produced a patriotic bond which should be eternally maintained. It has been suggested locally that Her Majesty should assume the title of Queen of Australia. To me it seems a good proposal. Indeed I think Her Majesty might well be approached with a view to her assuming the title of Empress of the British Empire, thus embracing all the colonies and dependencies."

## COURT COLLECTING FUNDS.

London, October 28.—The Chinese Intombro is in a state of stagnation. Shanghai sends renewed rumors that the court from Sian Fu is sending agents to collect funds in the southern and central provinces. Advice from Pao Ling Fu give harrowing accounts of the sufferings of missionaries at the hands of the Boxers; and it is reported that ten missionaries are still at Cheng Teng Fu. The correspondent of the Morning Post at Pao Ling Fu, writing October 20, says: "The Boxers declare that they will kill all foreigners. He allowed eleven American and four British to be massacred."

## WON'T BOTHER RUSSIA.

Berlin, October 28.—The Berliner Post publishes today an inspired article devoted to showing that the Anglo-German agreement will in no way interfere with Russia's interest in Manchuria.

"If England had not arrived at an agreement with Germany," says the Post, "she would have been compelled to do so with Russia. This would have been a serious blow to German trade. Germany in her capacity of an honest broker has served Russian interest."

## MUKDEN MINED.

St. Petersburg, October 28.—The Russian sappers who were employed to dig and destroy the mines at Mukden, official despatches say, found the whole district mined, and it was only the unexpected arrival of the Russians that prevented wholesale destruction. A special commission was appointed to investigate. The advices also say that the provincial treasurer escaped and that the Chinese guerrillas had been looting extensively.

## WILL GIVE ROAD BACK.

London, October 28.—The St. Petersburg correspondent of the Daily Express claims to have authority for the statement that, when peace is restored, Russia will hand back to its owners the railway from Tong Ku to Niu Chwang.

## FOUR BOYS DROWNED.

Children Were Fishing and Capsized Their Boat.

Port Clinton, Ohio, October 28.—A quadruple drowning occurred near Plaster Bed, on Sandusky bay, eight miles east of here this afternoon. The drowned are: Douglas Stark, aged 8 years; George Stark, aged 5 years; Alfred Stark, aged 5 years; Henry Stark, aged 13 years.

They were the children of William Stark, and the children went for a boat ride this afternoon. On returning to shore the boat became fouled in a fish pound net and the oarsmen could neither force the boat ahead or go back. The children became frightened and leaning over the side of the small craft, it capsized, resulting in the four deaths.

Mr. Stark came here from Toledo three weeks ago. He then had a family of a wife and ten children. Last week Harvey, aged 4, died, and the week before another child, aged three months, also died.

Bear in mind the low rate excursion to Boston on October 30.

## DEATHS IN BOSTON.

Boston, Mass., October 28.—The body of Mrs. Annie Palmer, 71 years old, was found in the rear of the house in which she lived, today, and after inquiry the police declared that she had fallen down a flight of stairs and then staggered to the place where death came.

In the Church of the Sacred Heart, Malden, this morning, Thomas Cudde, 40 years old, fell in his pew, as if he had past night, left for New Hampshire today and administered the sacrament as Mr. Cudde breathed his last.

## KRUGER WON'T STOP IN PARIS.

Brussels, October 28.—The Transvaal agency announces that Mr. Kruger will arrive at Marseilles on the Dutch cruiser Goldschmidt, November 11 or November 12. Mr. Kruger will proceed to The Hague without stopping at Paris and, after expressing his thanks to Queen Wilhelmina for Dutch hospitality on board the Goldschmidt, he will appeal to the powers to intervene in the South African settlement on the basis of article 8 of The Hague convention.

## TO BE A WITNESS.

Boston, October 28.—Charles F. Pray, formerly of East Tilton, N. H., who was taken into custody by Louisiana officers last night, left for New Hampshire today as a witness. It is understood in the George Hurlbut murder case at Belmont. Pray's connection with the case is unknown to the Boston police, as they simply hunted him up on clues given them.

## ROOSEVELT'S QUIET DAY.

Albany, N. Y., October 28.—Governor Roosevelt spent the day very quietly here taking a long drive with Mrs. Roosevelt during the day and going to the Episcopal church in the evening. The trip tomorrow includes but three stops, Cortland, where the party stays for one hour, Ithaca, where a three hours' stop will be made and at Elmira where the party stays for the night.

## HAVE BEEN ROBBING TULIP BEDS.

The park commissioners at great expense have been planting tulips in the beds in the parks about the city for next season. Those in the Fort Allen park were destroyed by boys and the beds ruined. The pecuniary loss of the city from these depredations have been considerable and the perpetrators of the deed will be arrested and severely punished. They will probably be arrested some time today. Lincoln park and some of the other parks have suffered and it will go hard with any boys who are found destroying these beds in the future.

## BOILER EXPLODED.

Accident in Mrs. Spring's Residence at the Corner of Danforth and Emory Streets.

Yesterday forenoon while the family was at church, the boiler in the basement of the residence of Mrs. Zilphar W. Spring blew up. Officer McCormick heard the noise of the explosion and by means of a skeleton key entered the house and went into the basement where he found the boiler which provides heat for the house badly wrecked and the coals from the fire box strewn all over the floor. He put out the fire and thus saved the house from catching fire. The pipes in the basement were all twisted and bent, the cellar window had been blown out and the floor above had been started by the force of the explosion.

## PLAYED TO A TIE.

A Good Beginning for Portland High School Boys.

A closely contested game of football between the Portland and Lewiston High school teams was fought to a standstill on the Deering grounds on Saturday forenoon, the final score being 5 to 5. Each team made a touchdown in the second half, but neither team was able to kick a goal.

The attendance was large for a forenoon game and there was much cheering and excitement throughout. Portland had the ball at the kick off. Sellers sent the sphere flying down to Lewiston's ten yard line and it was advanced ten more by the Lewiston player who caught it, but there he was downed. Lewiston could make no headway against the Portland defense and lost the ball on downs. Then with the ball in Portland's hands the backs succeeded in advancing the ball some 15 yards where a fumble gave it to Lewiston. From this time out the ball changed hands many times and the fighting was hard and the playing fast, but neither side scored.

The first touchdown was made in the second half by Deering on the old revolving wedge play, which was worked very successfully. Conley, who replaced Coyne at half-back was largely responsible for this touchdown as he brought the ball down the field for a distance of 35 yards in the most sensational run of the game. The P. H. S. boys played very good football after this touchdown and with the ball near the centre of the field it looked very much as though the home team had won a victory, but the punt made by Blount changed the outlook. The ball landed so near the P. H. S. goal that it took the visitors but a few moments to cross the line and tie the score.

In the remaining two minutes of play neither goal was in danger and the whistle sounded for the end of the contest with the ball near the centre of the field. The line up and summary:

P. H. S.	L. H. S.
Prindle, 1 e	Pensley
Thomas, 1 e	Takesh
Ridge, 1 e	Libby
Ross-Fannagan, 1 e	Garcelon
Conley, 1 e	Smith
Adams, Haskell, 1 e	Purinton
Drummond, 1 e	Carigan
Sellers—D. Drummond, 1 e	
Woodbury, 1 e	White
Coyne—Conley, 1 e	Hilton
Deering, 1 e	Pinfree
	Blount

Score, P. H. S., 5; L. H. S., 5. Touchdowns, Deering, Carigan. Umpire and referee, Goss, Stevens. Linesmen, McCarthy, Gulliver. Time keepers, Hayes, Morrill. Time, 30 minute halves.

## DEAF SCHOOL WON.

Saturday morning in South Portland the eleven of the Maine School for the Deaf beat the South Portland Grammar school eleven by a score of 16 to 0. The deaf boys had the ball during a greater part of the game, owing to the good work by interference and defensive play. Captain Tarbox and Blakney scored two touchdowns in the first half, and Budden

made the other on in the second half, thirty-five yards run. The visitors in the ball in the ten yard field from the opponents' goal line when time was up. The referee was Mr. Flister of the Maine school. The winning team was made up as follows: Left end, Budden; left tackle, Morin; left guard, Gordon; center, LeVasseur; right tackle, Langley; right tackle, Dudley; right end, Woodward; left half back, Blakney; right half back, Captain Tarbox; full back, Lank; quarter back, Chipman. Substitutes, Kimball, Markes, Wing, Referee, G. E. Flister.

## WESTBROOK HIGH, 0; BIDDDEFORD HIGH, 0.

A snappy game of football was played Saturday afternoon on the Warren past grounds between the Westbrook and Biddeford High school eleven. The game resulted in a tie, both eleven failing to score. These eleven are about evenly matched, the Biddeford eleven being a little the heavier. Two weeks ago the Westbrook boys played a game with the same eleven at Biddeford and were defeated by a score of 6 to 5. The game of Saturday was well played, each eleven putting in strong interference. Johnson, the left half back, Hackett, the right tackle at Banks, played end for the Biddeford, played a strong game.

Hooper, full back, Anderson, left half back, Herman, left guard and Pickard, right guard for Westbrook were the star players. The line-up of the eleven was as follows:

Westbrook	Biddeford
Morrill, 1 e	R. e, Hackett
Skilling, 1 e	R. g, Hackett
Herman, 1 e	R. b, Hackett
Richardson, 1 e	R. b, Hackett
Pickard, 1 e	R. b, Hackett
Booth, 1 e	R. b, Hackett
Lowell, 1 e	R. b, Hackett
Henderson, 1 e	R. b, Hackett
Anderson, 1 e	R. b, Hackett
Parker, 1 e	R. b, Hackett
Hooper, 1 e	R. b, Hackett

Score, Westbrook, 0; Biddeford, 0. Referee, Henderson of Westbrook. Umpire, Emery of Biddeford.

## UNIVERSITY WON.

Colby College, October 27.—Saturday afternoon at 2:10 a special train from Bangor bearing 300 students from the University of Maine rolled into the station here. Immediately they formed in marching order four abreast and came to the campus. A big crowd cheered the visitors and the Colby team. The game was exciting, but U. of M. had the best of it from the start and won 17 to 0.

Maine's team was by far in better condition than Colby's, and showed better team work. The best plays were made by Dorricks, Morrill, Cole and Taylor for U. of M., and Saunders, Rice and Nelson for Colby.

## THE CHARTER.

Outline of the Report of  
Special Committee.

Changes on Which the People May  
Vote Next March.

Question of Police Ap-  
pointments Unsettled.

New Draught Will Be Presented  
At November Meeting.

The special committee on the revision of the present city charter has nearly completed its labors and at the November meeting of the city council will make an unanimous report to the city council with a recommendation that the new draught be sent to the legislature and afterwards submitted to the people of Portland for their approval. The work of this committee has been conscientious and has required an immense amount of time and care. The outline of the charter presented below cannot fail to interest the people of the city who are by this time convinced that some changes here recommended have long been needed in a city the size of Portland. Whether all the changes recommended will prove acceptable to the citizens of the city it is impossible to determine at this early date, but the committee having the revision in charge has not endeavored to bring about a too radical change in the present system, but has sought to frame a law on which the business of this big city may be done expeditiously and with less difficulty than at present.

The committee has found little trouble in agreeing unanimously to all these changes with one exception and that was regarding the appointing and removal of the members of the police force. Some members of the committee wished to give the Mayor power to appoint police officers subject to the confirmation of the board of aldermen and to remove them for cause without the necessity of appealing to the board of aldermen. Other members of the committee desired to give the Mayor power to appoint police officers, but not the power to remove them excepting for cause and with the consent of the committee on police which would be appointed by him. On this subject there was a division of opinion and as the appointment of policemen is not regulated by the general law it was a last decided as a compromise measure not to insert this plan in the charter, but to wait until the charter is disposed of and then, if the city council sees fit, another committee may be appointed to consider this question and the legislature can then be asked to amend the law as the committee may recommend. Such a change would not require the approval of the citizens by direct vote. The report, however, recommends a number of minor changes in the police system.

It is hoped that this new charter may be acted upon at once by the city council so that it may reach the legislature in time for early action. If the legislature approves it, the new charter will be submitted to the people of Portland at the general election and it will go into effect on the first Monday of January following.

Taking up the charter section by section and comparing it with the present charter the following changes are noted:

Section 1 of the old charter relates to corporate powers of the city and is not changed.

Section 2 provides for the city government. This is amended by doing away with the common council and giving to each ward three aldermen to be elected for one, two and three years.

Section 3 relates to the duties of the Mayor and is not changed in the new charter.

In section 4 is inserted a provision that the Mayor must approve all orders and contracts calling for the expenditure of any sum over \$500 before said sum can be legally expended. The Mayor is also given the power to remove any officer, member of a commission or board appointed by him subject to the approval of the board of aldermen.

Relating to the veto power of the Mayor, it is provided that he may veto and return an order or ordinance before a regular stated meeting if he so desires while now he is not allowed to return his veto until the next stated meeting of the city council. If the Mayor does not sign or veto an order it becomes operative at the next stated meeting as though he had signed it. The Mayor may also approve of certain sections of an order and disapprove of others if he sees fit. Those sections of which he approves will become operative when he signs them, those which he vetoes can only become operative by receiving a two-thirds vote of the board of aldermen.

Section 5, referring to the executive powers of the Mayor and aldermen, will be changed but little, with the exception that the organization of the police department will be subjected to a little change. The city marshal will be designated the chief of police and the deputy chiefs will be termed captains. These may be appointed by the Mayor to serve during his pleasure, but the Mayor may appoint an officer from the regular force chief of police or captain, if he so desires, and such a policeman accepting an appointment of this kind will serve in that position during the Mayor's

## CHAPTER HOUSE OF KAPPA EPSILON AT BOWDOIN.

[SPECIAL TO THE PRESS.]  
Brunswick, Oct. 27. The new Delta Kappa Epsilon fraternity house which will soon be completed at Bowdoin has been built by the joint subscription of the alumni and the undergraduate members of the fraternity at a cost of \$35,000. About a year ago the plans for the house

began to take definite form. The architects decided upon were Chapman and Frazier of Boston, who have had considerable experience in the chapter house line. The ground floor contains the large living room, the billiard room, the dining room, the library which is finished in red birch, and two guest rooms. On

the second floor are seven suites of rooms of a study and bedroom each. The third story has two suites of students' rooms, also the servants' rooms and the fraternity hall. The kitchen, store room, etc., are in the basement.

The house, which is built in the Colonial style, is situated on the corner

of Main and College streets, directly opposite the south end of the campus. The lot is large, having ample room for a broad front lawn and two tennis courts on the south side.

The house will be ready for occupancy in about three weeks.

pleasure and may then return to the regular police force if he so desires.

The general laws relating to the department of public works will not be changed by this charter excepting that the commissioner of public works is subjected to the direction of the committee on public works and may not make any contract for work excepting by advertising for bids.

Section 6 relates to the election and appointment of subordinate city officers and is not changed excepting that it provides that these officers shall be elected on the first Monday of January.

Section 7 is not changed excepting that it is provided that all vouchers for the expenditure of money shall be audited as the board of aldermen may determine by ordinance.

Section 8 relating to assessors, provides that the assessors shall be chosen on the first Monday of January in the same manner as now and that the assistant assessors shall be elected on the ward tickets by the voters of each ward, at the general election.

Section 8, relating to overseers of the poor, provides that one overseer of the poor shall be chosen by the voters of each ward for a term of three years at the time of the general election, thus reducing the number of overseers from 12 to 9, Wards 1, 4 and 7 will each choose overseers at the first election for one year and thereafter for three years; Wards 2, 5 and 8 at the first election shall each choose an overseer for two years and thereafter for three years, and Wards 3, 6 and 9 shall choose an overseer at the first election for three years.

Sections 9, 10 and 11, relating to laying out streets, assessing damages, sidewalks, obstructing streets, ward lines, etc., remain unchanged.

Section 12 changes the date of the municipal election from the first Monday in March to the second Monday of December, and provides that the municipal year shall begin on the first Monday of January instead of the second Monday of March.

Section 13 remains unchanged excepting that the voters of the several wards shall choose at the annual election their assistant assessor and an overseer of the poor and also provides that if the office of Mayor becomes vacant during the first six months of his term a new election shall be held, but if vacated in the last six months of his term the chairman of the board of aldermen shall serve as Mayor, though he will not have a veto power.

Section 14, relating to the chairman of the board of aldermen, remains unchanged.

There are no further changes recommended in the new charter excepting

that it is provided that all orders calling for an expenditure of over \$300 and for the giving of privileges in the public streets of the city shall be given two separate readings with an intermission of three days between them and that they shall not become operative until they have received a majority of the votes of the board of aldermen who shall vote either yes or no, when the roll is called. These orders must also be signed by the Mayor.

Don't miss the trip to Boston on October 30.

## A TEMPERANCE BAR.

The Preble House Has Inaugurated This Innovation.

Not all of the bars in the hotels are closed. The bar at the Preble house was open Saturday evening and was doing a good business. It has been open since Wednesday, but nothing is being handled over its counters except soft drinks.

"We have the bar here," said one of the bar tenders Saturday night, "and this week we decided that we might just as well use it. We sell no liquor, either beer or whiskey, nothing save soft drinks this trip. It wouldn't do at all to sell anything else. If we did the word would get around in a minute and as things are now I guess we would be hanged."

At the other hotels the bars are closed tighter than a drum.

A few weeks before the September election one of the hotels engaged a swell mixer of drinks from Boston. The expert came down, got the lay of the land and liked Portland tip top. Just before election day he returned to Boston to make a brief visit. When he heard the news of the political landslide he decided to remain in Boston. He has sent for his trunk and will not come back to Portland.

## WOODBINE REBEKAH OUTING AT RIVERTON.

A party of seventy-five of the members of Woodbine Rebekah lodge went in special cars to Riverton casino Saturday evening where they enjoyed their second annual outing and supper. On arrival at the park the members of the party were seated at the tables to partake of a fine supper prepared by Landlord D. B. Smith, which was much enjoyed by all. After the supper the party adjourned to the assembly hall where dancing was enjoyed. Whist and other games were enjoyed in the reception rooms. The party returned to the city about eleven o'clock much pleased with the success of their evening's entertainment.

## THE CHILD STARVED.

The Case of Hannah McDonough, Its Mother, Heard in Court.

The hearing on the case of Hannah McDonough, charged with neglecting her infant child and allowing it to starve to death, occurred Saturday morning in the Municipal court before Judge Hill. The case was not concluded but was continued until Monday morning when Judge Hill will render his decision.

County Attorney Libby appeared for the state and John B. Kehoe and Levi Greenleaf for the defense.

Dr. Stephen H. Weeks was the first witness for the state. He testified as to the autopsy he had made with Dr. Leighton. He gave it as his opinion that the child had been given nothing to eat for a week and that its death was due to starvation. Dr. Leighton corroborated this testimony.

Mrs. Catherine Valente testified that she had been in Mrs. McDonough's room and seen bottles of sour milk there. Officers Greeley, Frank, Skillings and Special Officer Valente and Undertaker Feeney testified as to the condition of the room in which the baby's body was found. Mrs. Lizzie F. Turner said she had visited Mrs. McDonough and not only offered her work but gave her money. She saw Mrs. McDonough give the child sour milk. She asked Mrs. McDonough why she gave the child sour milk and was told that this was all she had to give her baby. Mrs. Turner engaged Mrs. McDonough to work for her but she never came.

Mrs. Mary J. Frazier testified that she owned the room in which Mrs. McDonough lived. She had heard the baby cry during the night. She complained about this and Mrs. McDonough told her she was absent at work. Mrs. Frazier told her to move. She saw the mother give sour milk to the baby and asked her why she did so. Mrs. McDonough said that the baby liked sour milk best.

Vina Alby said she saw the baby and thought it looked thin and poor.

Linda E. Burnett said that Mrs. McDonough came to her room. She asked how the baby was and Mrs. McDonough replied that she thought it could not last long. She asked her why she didn't get a doctor and Mrs. McDonough turned and looked out of the window, but made no reply.

Fanny Abrams testified that she heard the baby cry Sunday night and thought it was making so weak a noise that it could not last long.

This closed the testimony for the state. Hannah McDonough was then put on the stand by the defense in her own behalf.

The woman testified as to the birth of the child which occurred in August. She had no medical attendance at the time and only the neighbors to help her. A week after the child was born she went to work on Commercial street for three dollars and a half a week. She bought milk for the baby twice a day but the weather was hot and it sometimes soured when she threw it away. She never gave the child sour milk. Her husband had left her last February. She has had five children, all boys, the oldest of whom is alive but the others have died in infancy. Mrs. McDonough said the child seemed sickly from the time it was born. She had no medical attendance but did what she could for the child herself.

On cross examination she said she was going to tell her sister of the child's death and then get an undertaker but she did not reach the undertaker because she was arrested before she had a chance to do so. She said the milk she had for the child looked like sour milk but it was not sour and when shaken up it was all right.

None of those who had testified had ever tasted of the milk but she always taste of it before she gave it to the child.

Mrs. Sarah Matthews said the child was born in her house and was weak and sickly from birth. The substance of her testimony was that Hannah McDonough had done all she could for the child and fed it as well as she was able.

Mr. Kehoe argued for the defense. He claimed that the state had failed to show any criminal neglect of the child. The woman was in very poor circumstances and this should be taken into account in judging whether she did all she could for the child. He claimed that the child was sick and refused nourishment and would have died under any condition after it began to fall not long before its death.

County Attorney Libby argued that the state had shown through Dr. Weeks that the baby had really starved to death, though being a well child. If the court, however, should decide that the child had not been wilfully murdered he would claim that Hannah McDonough should be held for manslaughter, on the ground that she had neglected the child, though having money to feed it and that she might have called a physician, there being plenty of doctors who would respond to the call, even though she had no money.

Judge Hill said that he should continue the case until Monday morning, thus giving him time to make a decision. Hannah McDonough was accordingly sent back to jail to await further proceedings.

## P. A. C. NOTES.

The active membership of the Portland Athletic club is limited to five hundred members, and at the rate applications for membership are now being posted on the bulletin board it looks as if that number will be reached before spring. All branches of the club have been renovated and improved in preparation of the large amount of work that must necessarily follow its increased membership. The boys, cadet class and the swimming classes are larger than usual and colder weather will find the gymnasium well filled. A number of private parties have engaged the bowling alleys and tournaments will soon follow. Next Tuesday at 6.30 p. m. a clam supper will be served in the gymnasium.

## HIS LEG BROKEN.

Conductor Metcalf of one of the Maine Central freight trains, was injured at Waldoboro Saturday, falling from a car and breaking his right leg. He was brought to this city and taken to the Maine General hospital. Saturday night he was resting comfortably.

## THIN CHILD

If a child is thin, let him take a little of Scott's emulsion of cod-liver oil.

Some children like it too well; begin with a little. A half or quarter-teaspoonful is enough at first, if the stomach is weak; but increase, as you find the stomach will bear.

The effect is: the little one takes on strength; gets hungry; eats and is happy; gets fat—he ought to be fat—and gets healthy.

We'll send you a little to try if you like. SCOTT & BOWNE, 409 Pearl street, New York.

It is touched the currency question in his New York speech, but he touched it very gingerly. "In advocating bimetalism," he said, "we advocate a financial system whose usefulness is attested by thousands of years of history as well as by our own experience and by the party platforms of the Republican party and all other parties." This is entirely misleading. What Mr. Bryan is advocating is not bimetalism at all. Coinage of silver at 16 to one is what he and his party advocate, and that is not bimetalism, but silver monometalism. Bimetalism implies the circulation side by side of the two metals. But a silver dollar coined at the ratio of 16 to one would drive the gold dollar entirely out of sight and circulation, because it would be a cheaper dollar than the gold dollar. What the Republican party advocated was true bimetalism and when it found it was impossible to bring it about it adopted the gold standard as preferable to the silver standard. What Mr. Bryan is advocating is the silver standard. If he should succeed in substituting it for the present standard, he would shrink the value of every bond, every life insurance policy, every evidence of debt in fact, when the contract did not call for gold exclusively, a third and perhaps more.

President Hyde's criticism of the practice of giving state aid to all the academies indiscriminately is not new, but it is stated with great force and coming from a distinguished educator ought to have a good deal of weight. There can be no question that the state has squandered a great many thousands of dollars on institutions, some of which had no good reason for existing, and some of which had plenty of resources of their own. How these appropriations have been secured is perfectly well understood by frequenters of the legislative halls. It has been by a system of log rolling. One academy has said to the other "You help me and I will help you." In the expressive phrase of Solon Chase they have "jined drives," the worthy and the unworthy, and in this way have been able to bring pressure enough to bear to get appropriations without regard to their merits. We haven't very much faith that the practice can be broken up, for the reason that there are a great many votes enlisted in its support. Every community that has one of these academies demands an appropriation, and there are so many of them that when banded together they constitute a tremendous voting force. One thing, however, President Hyde's criticism will tend to do, that is to destroy the effectiveness of the cry that has been frequently raised in the past that everybody who opposed these appropriations was a foe to education. It will be too ridiculous to thus stigmatize Bowdoin's president.

The Roosevelt meeting in New York on Friday night was attended by a tremendous crowd and so was the Bryan meeting the night following. If a man were to undertake to make up an estimate of the intentions of the voting public from these two meetings he would find about as much basis for a prediction in one direction as in the other. Experience has shown, however, that crowds and seeming enthusiasm are very unsafe guides to the determination of political sentiment. Curiosity brings as many people to meetings of this sort as sympathy with the speakers' sentiments and probably a great many more. Bryan drew tremendous crowds in Maine, but the voting showed that the great majority of the people who composed them had no sympathy whatever with his doctrines. Of themselves neither the Roosevelt meeting nor the Bryan meeting throws much light on the prospect in New York. The true way to ascertain the sentiments of a community is to mingle with them and converse with them, or to get them in some way to express for themselves their sentiments. This method has been resorted to by agents of several of the independent papers of New York and the result has invariably shown a strong predominance of sentiment in favor of McKinley. That showing will be borne

out, we believe, by the voting on the eighth of November.

## MUNICIPAL GOVERNMENT.

The changes in the city charter which are suggested by the committee that has had the matter under consideration appear for the most part to be judicious. They are much less numerous than those recommended by the commission that considered this subject some years ago, for the reason probably that the experience we had with the former revision showed that a thorough and radical revision had little chance of being accepted, while some modifications, not too numerous or too radical might be got through. A charter constructed along the lines the committee recommend would undoubtedly facilitate the transaction of public business and do something toward correcting some of the evils that crop out from time to time under the present system. But after all the main reliance for good government must always be the intelligence and interest of the people; unless we are to substitute for our present system an oligarchy or a despotism. No system of checks, no matter how ingenious, will supply the place of, or render unnecessary, intelligent watchfulness on the part of the people. There is reason to fear that some of the changes introduced into municipal governments have done more harm than good by removing the government farther away from the public, and thus weakening public interest in it. The town meeting where all the people can assemble and discuss questions and vote upon them is not practicable of course in populous communities, but the greater the degree to which the average citizen can be interested in the government the greater will be its efficiency and honesty. The trouble with most of municipal governments is the promiscuity of the men who compose it to be subservient to special interests which make a business of bringing their influence to bear. This trouble would largely disappear if the mass of the people, who have no interest in the government except to have it efficient and good, should bring their influence to bear too. Unfortunately the average citizen is too much occupied with his own affairs to give much time or thought to the public business, and the result is that, except for an occasional spasm, the government falls under the influence and domination of men whose interests are not identical with the public interests, and who would legislate so as to promote their own rather than the public welfare. There are in every community enough of intelligent citizens, with no axes to grind at the public's expense, to secure good government if they would only steadily exercise their influence and power. The trouble is that a great many of them are indifferent to the most of the time. The boss would soon find his occupation gone if there were a constant, intelligent interest in affairs of government on the part of the great mass of the people. How powerless he really is when public sentiment is aroused is seen when the people have one of their uprisings popularly known as a "spasm." If there were some way to keep public sentiment aroused all the time the boss would soon disappear, and the most of the susceptibility to "influence" which is a frequent ground of complaint against public officials would vanish. Apathy is at the bottom of almost all had municipal government, and no matter how good the machinery if the motive power of intelligent public interest is absent, it will not run well.

Big trip the excursion to Boston on October 30.

## THE CIVIC CLUB.

The Civic club discussed the tenement house problems Saturday afternoon. Mrs. Edward C. Jordan, the president, called to order and at the conclusion of the business, introduced Mrs. A. B. Cole, who, at very short notice, took the place of the chairman, Mrs. Lilly, who has been prevented by illness from fulfilling her duties. Mrs. Cole read a letter of greeting from the absent chairman who also gave a general review of the subject. Mrs. J. H. Barnes presented the responsibilities of the builder, the landlord and the board of health. Mrs. J. H. Fitzgerald told of tenement house conditions as they exist in Portland. Mrs. Cole in closing gave an earnest talk on the relation of the tenement house dweller to the best interests of the community. Our responsibilities to the tenement house dweller were stated in no doubtful terms. The economic, physical, and ethical aspects were graphically sketched. She reported that the sum of \$12,000 had been expended by the overseers of the poor outside of the almshouse and Greeley hospital. This is largely in excess of the amount of past years.

There will be a guest meeting of the club at the Falmouth hotel on the evening of November 15th. Mayor Robinson will make an address on "The Powers of the Mayor." The members were given guest tickets to the capacity of the room. The next regular meeting will be held November 24 at Fraternity hall, "Streets" will be the topic.

For a good time go to Boston on October 30.

## Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris Ketter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for La Grippe and all throat and lung troubles; tried it and "Three bottles cured the whole family." No other medicine on earth equals it. Only 50c and \$1.00 at H. P. S. Gould, 377 Congress street, drug store. Trial bottles free.

## THE W. L. U.

Proceedings of the Monthly Meeting Held on Friday.

The directors of the Woman's Literary union met in Y. M. C. A. parlors Friday. The representation was unusually large and the business was dispatched with no delay.

Mrs. O. R. Wish read the report of the Old Home Week committee submitted by her chairman, Mrs. Percival Bonney. Among the states represented at headquarters were Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Florida, Maryland, Virginia, Missouri, Illinois, Minnesota, Dakota, California, District of Columbia and Montreal and Quebec, Canada.

The usual appropriations were made. For running expenses \$103 divided as follows: Hall, \$90; Y. M. C. A. parlors, \$21; year books, \$75; piano, \$14; decorations, \$15; dues to George Washington Memorial society, \$2; incidentals, \$50.

On motion of Mrs. Roberts \$90 was appropriated to the use of the school room decoration committee. This appropriation is smaller than usual but it is understood that another appropriation will be made after one or two problems have been solved.

The president announced a lecture by Hamilton Marble on November 24. If this should be a financial success more can be spared to this committee. The treasurer reported a membership of 575.

Mrs. George Cummings extended an invitation from Mrs. George C. Frye to a reception at her home to all the members of the Literary union on Saturday, November 3, from 3 to 5.

## OBITUARY.

REV. DANIEL GREEN.

News was received in this city Saturday of the death of Rev. Daniel Green at Stratham, N.H. He was taken suddenly ill of apoplexy late Friday night and died at two o'clock, Saturday morning. He was a native of Waterford and preached at Machias, Cumberland and at Newton, Mass. He was a former member of the Second Parish Congregational church in his city. A wife and three children are left. A daughter is the wife of Rev. Mr. Furbush of Freeport. One son is a student at Harvard college and the other son is a student at Amherst college. A sister is the wife of Dr. B. F. Dunn of this city. Mr. Green was about sixty years of age.

Wait for the low rate excursion to Boston on October 30.

## IVY REBEKAH LODGE.

At the regular meeting of Ivy Rebekah lodge held Saturday evening two applications were received to membership and five applications were received. At the close of the meeting all present were invited to the banquet hall where refreshments were served and a social hour enjoyed. Much credit is due the committee who had charge of this pleasant occasion. The degree staff will work at the next meeting.

## ORGAN RECITAL.

On Thursday evening, November 15, an organ recital will be given in Congress Square church by Mr. Frederick Archer. Tickets may be purchased of Cressey & Allen's and of the parish committee, Ladies' union and Young Ladies' Annex.

## CLUB NOTES.

The Crockett club will meet with its president, Mrs. Elmer Maxwell Knight, 89 Pine street, Saturday evening, November 3 at 7.30 o'clock.

Mrs. A. A. Kendall of Henry street, will entertain the Savoir Faire club next Tuesday. The afternoon will be devoted to the life and works of Felicia Dorothea Hemans, the English poetess.

## TO MUSIC FESTIVAL PATRONS.

Prof. W. R. Chapman will be here tonight to conduct and outline to the Portland chorus the work to be done for the next Music Festival, and particularly desires that the patrons of the Western Music Festival meet him at the Y. M. C. A. hall that evening to confer with him on questions that will arise. A full attendance is especially requested as this meeting is one of much importance.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; in cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Dirigo Telephone Company's Proposition to the City and Citizens, in Concentrated Form.

First—In consideration of license to construct exchange system, the company will give free, secret telephone service to all departments, up to 35 telephones in number and half rate for any additional number, for which non-secret service, the city now pays, in round numbers \$1,300 annually.

Second—It agrees to forfeit all of its right if it, by sale, lease or otherwise, takes action whereby competition is destroyed, or its schedule of rates is advanced over that named in the order.

Third—It will construct a general conduit system according to engineer's plans and estimates in hand, costing upwards of \$300,000, employing citizens in work of construction, of which labor will be a large proportion.

Fourth—It offers to give an indemnity bond of \$100,000 to protect the city against any loss, damage or injury because of failure to complete its work or faulty construction, whereby the city's interests are in any way injured or damaged. Such a bond, and the complete, the city the right to acquire the conduit system after construction, at an appraisal by three parties, one representing the city, one the company, the third chosen by the first two parties. It will also consent to enter same trench by other low tension electric companies, if the city can so compel them to do, and the said companies contribute their fair proportion of the cost of construction. The city reserving the right for use of fire alarm, police signal ducts.

Sixth and Not Least—The company assents to and invites a levy on the valuation of its investments, for the purpose of making same to the Supreme court for its consideration and decision as to whether or not all public utility property owned by such private corporations, should not be taxed for municipal purposes.

The other conditions are in usual form for the protection of the city.

The following is the text of the company's charter, granted by the state, for the purpose of doing a general telephone business throughout the length and breadth of Maine, subject to town and municipal regulations only.

Such a bond, and the complete, the city the right to acquire the conduit system after construction, at an appraisal by three parties, one representing the city, one the company, the third chosen by the first two parties. It will also consent to enter same trench by other low tension electric companies, if the city can so compel them to do, and the said companies contribute their fair proportion of the cost of construction. The city reserving the right for use of fire alarm, police signal ducts.

Copy of the charter of the Dirigo Telephone company of Maine.

State of Maine. In the year of our Lord one thousand eight hundred and eighty-three, we, the people of the State of Maine, do hereby enact and give force to the following:

Section 1. "The Dirigo Telephone company of Maine, a corporation duly incorporated under the general laws of this state, in addition to the rights obtained thereby, is hereby authorized and empowered to carry on the business of providing practical telephonic communication by usual and proper methods, and in the prosecution thereof, to locate, construct, and maintain and operate acoustic and magnetic telephonic lines and apparatuses, and license the use of the same by others and acquire such rights by lease or purchase from others throughout the state, submarine, underground, upon, along, and over any and all public highways, bridges and places in such manner as not to endanger the appropriate public use thereof, railroads, canals and inland navigation, and any and all individuals, societies and corporations with as many lines and branches, wires, posts, supports and apparatuses, and terminating at such points and places as said corporation may deem necessary; and to remove trees and other obstacles except that fruit or ornamental trees shall not be removed or defaced by trimming for said purposes, and to connect by agreement with other telephonic lines."

Section 2. "The damages for taking land upon this act, when the parties cannot agree, shall be estimated, ascertained and paid as for lands taken for railroads."

Section 3. "This corporation is authorized to exercise its powers, carry on its business and do all acts pertaining thereto in any other state or over any territory acquiring therefor, all sanction and authority necessary under the laws thereof."

Section 4. "The capital stock of this corporation may be increased or decreased, but not exceeding one million dollars."

In House of Representatives February 6, 1888. "This bill having had three readings and being ready for passage."

J. MANCHESTER HAYNES, Speaker.

In Senate February 13, 1888. "This bill having had two readings, passed to be enacted."

JOHN L. CUTLER, Pres.

February 14, 1888. "Approved."

FREDERICK ROBBIE, Governor.

State of Maine. "Office of Secretary of State." "I hereby certify that the paper to which this is attached is a true copy of the original, deposited in this office, in (SEAL) testimony whereof have caused the seal of the state to be hereunto affixed."

"Given under my hand and seal at Augusta this third day of May in the year of our Lord one thousand and eight hundred and eighty-three, and in the one hundred and seventh year of the independence of the United States of America."

S. J. CHADBOURNE, Dep. Sec. of State.

## TELEPHONE COMPETITION.

A Petition Which Has Been Presented to Board of Aldermen.

The following petition has been presented to the Board of Mayor and Aldermen regarding the subject of competition in the telephone business:

Portland, Me., October 23, 1900.

To the Honorable Board of Mayor and Aldermen:

The undersigned respectfully represent that they are not in New England Telephone company's service in the city of Portland; that it has become a necessity to them in the conduct of their business and cannot be abandoned without inconvenience and pecuniary loss; that the service rendered by this company has been slow, inefficient and vexatious, and notwithstanding frequent representations to that effect to the man-

ager of the company's office in this city, is still continuing to be unsatisfactory.

We, therefore, respectfully petition you honorable body that you will furnish us with such relief as may be in your power from the exactions and inefficiency of our present service by giving authority for the installation of competitive service in this city, under such conditions and restrictions as may seem fit to you and proper.

## 50 YEARS OLD.

Wonderful Record of a Grand Old Medicine.

In these days when all are used to seeing new medicines and specifics, which are claimed to cure all of the ills with which mankind is afflicted, placed upon the market day by day, we must certainly look with reverence and respect upon a grand old remedy, which can for over 50 years withstand the trials to which it must have been subjected in that long time. Morse's Yellow Dock was invented and placed upon the market over 50 years ago by old Dr. Morse, one of the greatest and most successful physicians the world ever knew. These latter day medicines are the results of experiments, and a great many contain drugs and minerals which are absolutely hurtful. Years ago the medicines that were used with such success were those which were handed down to posterity, and had been used by our mothers and our grandmothers. In spite of fierce competition Morse's Yellow Dock stands today at the head of all the patent medicines of the United States. Nothing like it has ever been known for regulating the liver and digestive organs, and purifying the blood. It is purely vegetable and contains no harmful ingredients and, therefore, can safely be given to children as well as older people. After you have taken a few doses of this wonderful medicine you will feel as if you were a new person. You will have renewed life, renewed vigor, and the entire world will seem to have opened a new life to you. Morse's Yellow Dock is for sale by all druggists, and for those who are ailing in any form whatever we would recommend this wonderful remedy. It has cured thousands and will cure you. Do not delay, but go to your druggist and obtain a bottle this very day. You will then see that everything we have said in this article is true.

The National Relief Corps will hold a sale and whist party at Thatcher Post hall next Thursday evening. No admission will be charged. Ice cream and cake for sale.

LOST TWO FINGERS.

While engaged in loading cattle at the Grand Trunk stock yards Saturday morning Lemuel J. Aris, the foreman, met with an accident. He was shutting one of the doors and the fingers on his right hand were badly jammed. Mr. Aris was very much weakened and was taken to the Maine General hospital where it was found necessary to amputate the ends of two of his fingers. Saturday night Mr. Aris returned to his home on Presumpscot street.

THE CITY REGISTRATION.

Saturday night the board of registration had been in session for a week and during that time had registered 139 names, made 15 changes, one reinstatement and had stricken three names off on account of death. The board closes its sessions at 5 o'clock Thursday afternoon.

BROKE HIS LEG.

Edward Moran, who lives at 123 York street, was loading a freight car with heavy planks at the New York steamboat wharf about five o'clock yesterday afternoon, when one of the heavy planks fell on his left leg and broke it below the knee. He was taken to the Maine General Hospital. He is 37 years old and married.

## ON DEERING LINKS.

Mr. F. H. Hoyt the Winner of the Club Championship.

There is still no little interest felt in golf circles in and about Portland. The game has secured a firm hold on many people in these parts and where it was little known only a few years ago it is now played with great skill so that a number of crack players have been produced right here in Portland. The enthusiasts have increased every year.

This is now the third season that the members of the Deering Golf club have been holding forth a part of the Deering estate out on Deering avenue, just adjoining Fessenden park. The lot on which the golfers play comprises two pastures of about 35 acres and is leased by the club. As it happens the number of bovines that feed on these two pastures is not more than three or four so that their presence on the field of battle has no disastrous effect. In fact the golfers rather favor having the cows on these pasture lots as in that manner the grass is kept short. During the progress of events on the grounds Saturday afternoon which continued from 1 o'clock until a few minutes before five the moosies kept their corners, remained quietly by themselves in an obscure section, and hardly moved out of a radius of more than two or three rods.

The members of the club have their headquarters in a part of an old barn that is located at the entrance of the grounds. A cosy ell has been fitted up at the end of the structure and is partly covered. Here are easy chairs and racks for the sticks, balls and all the other paraphernalia. The barn, in short, has been converted into a small club house and is used to a good purpose.

Saturday afternoon the match for the championship of the club was contested by Mr. F. H. Hoyt and Mr. W. C. Eaton, two of the star golf players of the state. The prize was a stein, donated last year. This game was on 27 holes medal play and when the afternoon's tabulation was taken it was found that Mr. Hoyt had the following scores to his credit: 41, 43, 43, which made a total of 127. The figures of Mr. Eaton were: 41, 40, 44, which made a total of 125. This resulted in Mr. Hoyt being the winner.

In the handicap low net prize for the best score outside of the championship the figures were 87 by Mr. Eaton for the first 18.

Mr. Solomon W. Bates and Mr. Antoine Doriolos also played, but it was announced by one of the experts that neither of these gentlemen had a sufficient handicap to win against the stiff playing of the leaders. Messrs. W. K. Sanderson and Harry B. Coe played a practice game, the former winning.

There will be no more matches this year, but considerable practice will be indulged in.

Boston will entertain you in great style on October 30.

HARBOR NEWS.

Items of Interest Piled Up Along Shore.

The harbor offered quite a lively scene yesterday with its many tons of shipping at anchor. The east wind with its threatening heavy fog had a deterrent effect on all outward bound vessels and these were joined by many of the coastwise crafts which were seeking shelter.

There were quite a number of lobster arrivals and among them were Mina and Lizzie with 9000 for Willard and Weyer; Herman Reesting, 6000 for N. F. Trefethen; Lorna, with 3000 for N. F. Trefethen, and Bernie and Bessie, with 3000 for J. W. Trefethen.

The revenue cutter Woodbury came in from a cruise about noon yesterday. Schooners Robert and Carr, Nellie Burns, A. Hooper, loaded with fish; Myrons, Fannie Hodgkins, Fisheman, Woodbury M. Snow, Ella P. Crowell, Frederick Roessner, Leona, Rising Sun, Nelly Bly, James A. Gray, Ring-leader, Uncle Joe, G. H. Perry, (Br. from River Herbert, N. S., for New York, with lumber; Alva; steamer Lot-tie and May with lobsters.

The following schooners sailed Saturday: Henry S. Little, Sarah O. Ropes, St. Leon.

MARRIAGES.

Quantity of Stolen Clothing Recovered.

Underwear and Hat Found in Barn on Gorham Line.

Goods Were Taken from Benoit Clothing Co.

Universalist Sunday School Elects Officers.

The Berean Advent church is to be wired for electric lights by the Westbrook Electric Light and Power company.

The police officials of this city have recovered a portion of the goods stolen from the clothing store of the Benoit Clothing company on Main street, some two weeks ago. The goods that were found consisted of some underwear, a new hat, etc., and were found in the stable formerly owned by Mr. Nat Clemons near the Westbrook and Gorham line. There are three or four different people that store hay in this barn and it was on Saturday when taking out some hay that the goods were found and turned over to the police by Mr. George Bixby one of the occupants of the barn. The goods have been identified by Mr. Rochelle of the Benoit Clothing company. No clues have been identified as to the parties guilty of the theft of the goods.

Prof. O. Stewart Taylor of Portland, the well known vocalist, attended the services at the Warren Congregational church on Sunday and spoke highly of the new quartette which commenced its services at this church. The quartette is composed of Miss Adelaide Bonney, Portland, soprano; Mrs. Margaret Cloutman, Westbrook, contralto; Mr. Frank Barbour, Woodfords, tenor; Mr. Howard Stevens, Portland, basso.

The annual election of the officers of the Westbrook Universalist Sunday school was held yesterday after the session of the school. The following officers were elected: Superintendent, Mrs. Charles C. Bailey; assistant superintendent, Mr. John R. Wentworth; secretary and treasurer, Miss Louise Goodell; librarian, Mr. E. A. Durell.

Interesting time in Boston on October 30.

WOODFORDS

The members of the Clark Memorial Methodist church and Epworth League to the number of twenty went to the Deering city farm Sunday afternoon where they conducted religious services. A praise service was held followed by a brief but earnest address by the pastor of the church, Rev. C. Alex Terhune.

The services at the Woodfords Universalist church were well attended Sunday morning. The pastor, Rev. H. E. Townsend, preached an able as well as powerful sermon on the subject of "Unrighteous Judgement."

The quarterly meeting of the Portland district of the Friends church was held Sunday with the church at South Windham. Rev. Jesse McPherson of Winthrop and Rev. Mr. Gordon of Parsonsfield preached the sermons of the day. The services were well attended and of a very helpful nature.

Low rate excursion to Boston on October 30.

MORRILLS.

The young lady clerks of George C. Shaw and company, the Portland grocer, are to hold a dance and hall on Wednesday evening, October 31, in Hoegg hall, Deering Center.

The Shattuck Parliamentary club will hold its regular meeting of November on Monday the 5th, at the home of Mrs. O. E. Barnard, 416 Deering avenue, Woodfords.

Capt. Lyman Clark of Oceanvale, has accepted a position as night watchman for the C. F. Seaman Manufacturing company at their toothpick factory recently started at Morrills.

Mr. Horace F. Milliken of Oceanvale, who was stricken with paralysis several weeks ago, is still dangerously ill at his home.

Work on Westbrook Seminary's new gymnasium, built by the generosity of Mr. Robert McArthur of Biddeford, and named in honor of that gentleman, is nearly completed and it is proposed to hold dedicatory exercises early in November. It is probable the exercises will occur on the evening of November 9.

Mr. and Mrs. Irving L. Weeks observed the 25th anniversary of their marriage last Thursday evening at their home, 513 Washington avenue, East Deering. Over a hundred guests were in attendance. Mr. and Mrs. Weeks were the recipients of a large number of useful and valuable presents. Refreshments were served during the evening and the company left for their homes at a late hour, wishing Mr. and Mrs. Weeks many happy returns of the day.

SOUTH PORTLAND.

DR. BLANCHARD PREACHED AT UNIVERSALIST CHURCH.

Rev. Dr. Henry Blanchard pastor of the Congress Square church, preached in the new Universalist chapel at South Portland, yesterday afternoon. The theme was "The Meaning of Life," and the text was taken from John, XVII-3.

He began by relating a story of a king and his three sons. Before them were placed three vases—one of gold, one of amber, and one of clay. One son chose the vase of gold. On this was the word "empire." Opening it he found it full of blood—symbol of the end attained by conquest. One chose the vase of amber. On this was the word "glory." Opening this he found it full of ashes—symbol of the end of ambition. The third chose the vase of clay. Without no word appeared: within was the name of God. The king asked the courtiers to decide which vase was of the most value. One said, "the vase of gold" another said, "the vase of amber" but the sages said: "the vase of clay, because it contained the name of God, and one letter of that august name outweighed the globe." So Paul and Jesus thought. Eternal life is life with God in it.

The preacher dwelt at length on three points. First—Experience compels everyone to ask the question, "What is the meaning of life?" Paul, Jesus, the old, the young wonder at life's mysteries—seek to know its meaning.

Secondly—Thinking makes the questioner say: "There must be some reasonable interpretation of life." This was fully illustrated by the lives of Abraham Lincoln and John Ruskin.

Thirdly—Questioners reach at last the answer—life is know God. So Abraham Lincoln at last believed; so John Ruskin. Jesus Christ helps us to know. So life eternal is to know God and Christ. He who reveals this answer from life believes in a higher life to follow this. Not empire; not glory is life's end, but to know God; to think of Him; to love Him; to obey Him; to co-work with Him.

The many friends of Mr. Edward T. Wing will be pleased to learn that he has returned to his home in this city and resumed his old place in the store of M. B. Fuller & Son, at Ligonia. Mr. Wing has been absent on business in Boston and New York for the past 18 months.

Mr. Edwin DeCoster has returned to his home at St. Paul, Minn., after having spent the summer at the home of his sister, Miss M. A. DeCoster at Pleasantdale.

The schools at Cash Corner will begin their fall term this morning, the alterations to the building having been finished. The schools in Wards 2 and 3, except those taught by Misses Broughton and Mills, will also open their fall term.

All pupils of the first grade residing east of Stanford street, will present themselves at the East High street school and those residing west of Stanford street at the School street school house.

Miss Grace Tarbox will teach the grammar and Miss Mitchell the primary departments at the Cash Corner schools.

Owing to a press of orders, the Rolling Mills at Ligonia are being run day and night and at present it looks as if they would be obliged to stop until winter.

Monday, November 5th, the schools at Ligonia and the remainder of the schools in Ward 2, will be open. The Philharmonic club will give one of their very enjoyable musical entertainments at the Union Opera house Friday evening.

On the 31st inst. at 9 a. m. the South Portland board of registration will go in session for qualifying voters and otherwise revising the voting lists for the ensuing presidential election. The board will be in session five consecutive secular days, the first four of which will be devoted to the registration of voters.

The quarterly session of the South Portland and Cape Elizabeth Sunday School association will be held at the Bethany Congregational church the first Wednesday in November.

A teachers' meeting was held Saturday in the brick school house at 2 p. m., where a lecture was delivered by Prof. W. J. Corthell of the Gorham Normal school.

A Halloween party will be given by the teachers and senior class of South Portland High school on October 31st, in the Elm street school house.

The second clam boil of the season was enjoyed by the South Portland Republican Club, Friday evening, at its cozy hall on Maine street, Knightville. The feast was furnished by courtesy of Mr. Ernest Henry, resident of Ward 7 and employed at the Portland postoffice.

The attendance was not so large as on the previous similar occasion two weeks ago, but lack of numbers was more than compensated for by the exuberance of spirits and ravenous appetites of those who partook of the luscious repast. The following club members were seated at the tables: His Honor, Mayor Reynolds, David E. Moulton, Geo. T. Spear, Will Fickett, Mark E. Hanna, Will Cobb, Allison Gardner, John Hayden, M. E. Crossman, A. J. Cash, Harry Taylor, Ernest Henry, Fred Shanning, H. B. Griffin. The next supper will be a lobster stew, to be provided immediately following McKinley's election.

YARMOUTH.

Jacob Mitchell is planning to spend the winter in Florida on account of his health.

A meeting has been called at Yarmouth, Wednesday afternoon, November 7, of the lookout committee of the North Cumberland local union. The committee will lay out some special endeavor work for the next three months. They will be entertained at supper at the ladies' circle of the First Parish. Mrs. E. Dudley Freeman and Mrs. Harriet A. Hall are the hostesses for the evening.

M. C. Merrill has gone to Boston for a brief visit. During his absence, his place in the post office is taken by Miss Harriet Bates.

November 13-14 is the date set for the fair and entertainment for the benefit of the Grand Army Post and the Woman's Relief Corps. The entertainment will include many novel and attractive features, and supper will be served each day. The object is one which makes a strong appeal to the entire community.

There will be a joint meeting of the prudential committee and the special committee of the ladies' circle at the First Parish chapel, Monday evening, October 29 at 7.30. The prudential committee are Dr. H. A. Merrill, A. H. Twombly and Irving True. The ladies' committee are Mrs. Irving True, Mrs. E. Dudley Freeman and Mrs. Howard Loring. The object of the meeting is to hear report on the expense of the new furnace and to consider further improvements.

The marriage is announced of Charles A. Reed and Miss Lucy Prince. The ceremony took place at South Portland, October 28, and was performed by Rev. E. H. Newcomb. Mr. Reed is a contractor on the Yarmouth electric. The bride is highly esteemed by the young people of Yarmouth.

THE YARMOUTH FESTIVAL CHORUS.

The Yarmouth Festival chorus held a meeting Saturday evening and completed its arrangements for the year's work. Mr. Irving True was added to the executive committee. The chorus will hold its first rehearsal next Saturday evening under the leadership of Professor E. A. Blanchard. It was voted that the president should make a statement at the meeting of the Western Maine Musical association to be held in Portland, Monday evening, that the Yarmouth chorus prefers that the next festival should be held in the autumn rather than in the spring as has been proposed. This action, however, was not in the nature of an instruction to the president as to how he should vote and he is left free to exercise his discretion in the matter.

HOUSE IS SAFE.

Chairman Babcock Says It Will Have a Republican Majority.

Chicago, Ill., October 27.—Chairman Babcock of the Republican congressional committee says that the next House of Representatives will have a Republican majority. He has gone over the whole field carefully this week, with representatives from every district, and he says there will be 157 Republican members in the next House, or a Republican majority of not less than 17, with a possible majority much larger.

There are 157 districts which the Democrats concede as Republican beyond a doubt. Taking these and the Republican chances in the doubtful districts, Mr. Babcock says that the Republicans will have not less than 157 members. He still leaves a number of districts now held by Republicans, in the doubtful column. These figures are regarded as the bedrock of Republican prospects.

In his statement, Chairman Babcock says:

"The Republicans will without doubt elect 157 members of the Fifty-seventh Congress (necessary to organize the House 178.) During the past 30 days there has been a marked change in the conditions, more so than in any campaign with which I have ever been connected since 1894. The reports coming in from all sections of the country agree, and without a single exception show large Republican gains. If this continues until after election day as it has during the past two weeks, no one is wise enough to say what the Republican majority may reach. It will certainly exceed my figures which I consider safe and conservative."

"There are many districts that were not considered debatable on the first day of September where our chances to win are now more than even, and if the Republican organizations throughout the country continue the active, aggressive campaign that they have made since the middle of September there is no reason why the majority in 1900 should not nearly approach that given in 1896."

"The Democratic managers have practically abandoned the Presidential campaign and are devoting their efforts to Congressional districts. This means that it is necessary to continue an active, aggressive campaign until the polls close on the 6th of November, and if this is done the Republicans will achieve a decisive victory."

ACCUSED OF COWARDICE.

Minister Conger's Charges Against a Marine Corps Captain.

Washington, October 27.—Minister Conger has preferred charges of cowardice against Captain New T. Hall, U. S. M. C., the second in command of the marine force at Pekin, during the siege. It is gathered, however, that Mr. Conger questioned Captain Hall's courage because of the latter's declaration to carry out certain military operations suggested by the minister. The charges, in the ordinary course, passed into the hands of General Chaffee, the commander-in-chief of the force in China, who examined them, made an inquiry on his own account and then concluding that the whole matter rested on the difference of judgment between the minister and the captain sent the papers to Washington with a recommendation that no further proceedings be had, a finding vindicating the captain. From the War Department the papers went to the Navy Department and after some consideration it was determined that the high moral of the marine corps required the most formal and complete acquittal of an accused officer from such a charge in order that he might not in after years suffer from its repetition.

BURIED ALIVE.

The Fate of a Member of Lieut. Gilmore's Party.

Manila, Wednesday, October 24.—Via Hong Kong, Oct. 27.—The rebel Captain Novicio, has been tried by a military commission at Baguio, Northern Luzon, charged with burying alive a seaman named McDonald, of Lieut. Gilmore's Yorktown party. Novicio was found guilty and sentenced to death. The commission's sentence is now in the hands of Gen. MacArthur for approval. Testimony was produced at the trial showing Novicio also caused the death of Venville, another member of Lieut. Gilmore's party, by delivering him into the hands of the native tribesmen known as Igorrotes, who, under the pretext of going fishing, lured Venville into the woods and murdered him with two Spanish friends, who were Venville's fellow captives. The tribesmen bound Venville, opened his veins and sucked his blood until he was dead. The evidence also showed that Novicio killed a Filipino named Rodriguez, who was suspected of being friendly with the Americans. Gen. Wheaton has approved the commission's sentence.

TELEPHONE MATTERS.

It is Understood That One or Both New Companies Will Get In.

The board of aldermen will hold a caucus tonight to determine whether the petitions of the two new telephone companies will be granted or not. The PRESS is informed that the aldermen have decided to admit either one or both of the companies but they have not yet decided whether it shall be one company or two and if one company, which one. On this question there is much division of opinion and there will be much debate before the matter is settled.
